### What is Miracles for Kids?

Founded in 2002, Miracles for Kids is a **nonprofit organization** that helps families with critically-ill children battle bankruptcy, homelessness, hunger and depression—so they can focus on fighting for their child's life. The organization operates a main office in Irvine, CA, and a subsidized housing complex in Orange, CA.

### How do they support the families of critically-ill children?

Miracles for Kids is one of the only organizations on the West Coast that provides monthly financial assistance, subsidized housing, mental health services and wellness activities to families with a critically-ill child. The services **help create stability when families are crumbling** from the financial and emotional devastation of fighting for their child's life.

### What is 360° Miracle?

360° Miracle is a **philanthropic network formed by Miracles for Kids in the wake of COVID-19**. Fashioned as a giving circle, it is a way for like-minded women to rally together in a tight-knit community and deliver support to those who need it most. Comprised of 10 or more women, each 360° Miracle circle will connect monthly to encourage one another, form deep connections and raise donations.

### How will our circle raise donations?

With the full administrative support of Miracles for Kids, each circle member will commit to **donating at least \$1,000** over the course of the year. Circle members can choose to contribute annually or monthly.

### How do the circles work?

**Each 360° Miracle circle is made up of 10 members and a Founding Member.** Along with financial contributions, each circle member has the opportunity to form their own 360° Miracle circle, recruit like-minded women and expand their philanthropic network. In this way, the 360° Miracle circle will continue to grow and raise support for the families of critically-ill children.

### How will our donations be used?

Donations from every circle will directly **support families with a critically-ill child who live close to or below the poverty level** by providing housing, food, clothing, transportation, emotional support and other necessities throughout the coming year.
